#### AMUSEMENTS.

**Minstrelsy at the Opera House.**  
The Sweeney, Alvido and Gontze's model minstrels gave one of the best shows of the season at the old Opera House last night. Though a small company, its work was above the mark and the specialties as good as ever seen here. Hassel, the male soprano, was very effective. The juggling of Alvido, the burlesque boxing of Lively and Howard were excellent, and the astonishing dancing, pirouetting and somersaults of Byers on the bounding rope made the leading features of the clever entertainment.

**The London Sports.**  
The London Sports burlesque company opened at the Pence last night to a crowded house. It is one of the best, neatest and cleverest burlesque companies Manager Ed Hilton has yet presented to his patrons, and they should do a large week's business. The opening first part is new and attractive. The olio is a strong one, not a bad act anywhere. Hits were made by Manning and Wolley, two of the hardest workers in the song and dance line seen here, and the great Harsey, who is really a magnificent dancer. The burlesque, called "Alli-Babar Bibby," is full of fun and very pretty girls dressed in oriental costumes. It's a howler.—Minneapolis Times.

The London Sports will appear at the old Opera House Thursday, January 12. Admission, 25 and 50 cents. Ladies free.

#### A Great Play.

Too much can not be said of Hettie Bernard Chase and her company, in "Uncle's Darling," presented at the matinee yesterday afternoon and last night. A large audience saw the play rendered in the afternoon and a fair house saw it at night. To cut a string of laudatory adjectives short, it may be said that the company is fine, the play finer and Miss Chase the finest. She is one of the most vivacious and pleasant soubrettes on the stage. The play is a comedy drama of the strongest kind and one that should always be seen by a crowded house. There are several pathetic scenes in it, and while they are being enacted the audience forgets the comedy side and becomes deeply affected.

At the end of the third act last night, where the villain of the play is trapped in his wickedness, and where the beau-

tiful reindeer bring "Uncle Billy" to the rescue, the audience grew tumultuous in its applause and tried hard to obtain more than two curtain calls. The scenery throughout is magnificent. The wreck scene is grandly realistic and the ship fast in Arctic ice was novel to the audience. Every person in the company is efficient, and even the bears, big dogs and Esquimaux dogs show long training and familiarity with the stage.

Dan Robinson, the whole-souled business manager, is an old showman. The stage of the Opera House was too small for the company's new scenery and old scenery had to be used.—Green-castle News, January 1.

At the Academy Saturday night.

**Miss McClanahan Returns From Abroad.**  
Miss Etta McClanahan, who has been traveling for the past six months in England, Scotland, Holland and France, returned home yesterday. She travelled in company with her cousin, N. H. Busey, and family, of Baltimore. Mr. Busey is an artist and made the trip for the purpose of sketching and drawing from the galleries of the old country. Miss McClanahan returned alone.

**The Duvall Engine Works.**  
The Duvall Engine Works have added seventeen new men to their pay roll since the last of December, and Manager Korte stated to a Times reporter yesterday that they intended to still further increase their force. The company has seventy-eight men in their employ at present.

#### Common Sense Teaches

THAT a blood purifier, in order to thoroughly purify the blood, must have alternative powers. The entire system must be cleansed and all traces of disease removed before nature can effect a cure. We say and can prove that the only remedy on earth that possesses the combined qualities of an anti-septic, alternative and blood purifier, is Radam's Microbe Killer. It is the only medicine that can be taken in large enough quantities to stop fermentation, destroy microbes the germs of diseases and not in any way cause harm to the patient. It contains no drugs whatever, but is a water charged with powerful germ-destrorying gases. As a spring medicine it is unequalled. Fifty-page book free. Johnson & Jourson, agents.
